

Spring Refresh: 5 Simple Ways to Freshen Your Space

Spring is the perfect time to clear out the clutter and give your home a fresh start. A few simple updates can make your space feel lighter, brighter and ready for the season ahead.

1. Declutter One Area at a Time

Start with a closet, drawer or shelf rather than tackling everything at once. Decide what you

want to keep, donate or pass along to family.

2. Rotate Seasonal Items

Pack away heavy blankets, winter décor and cold-weather clothing. Bringing lighter colors and fabrics back into your space can instantly make it feel more like spring.

3. Refresh Your Favorite Spaces

Rearrange a few decorative pieces, update framed photos or add new pillows or throws. Small changes can give a familiar room an entirely new feel.

4. Bring Spring Indoors

Fresh flowers, greenery or a new houseplant can add color and life to your home. Open the curtains and make the most of the longer, brighter days.

5. Simplify for the Season Ahead

Spring is a great time to think about what you truly use and enjoy. Letting go of things you no longer need can create more room for what matters most.
